Summary

Computer Science and Design undergraduate at Madhav Institute of Technology and Science (MITS-DU), Gwalior with strong foundations in programming and problem solving. Proficient in C++, Python, and JavaScript with growing experience in full-stack web development and software engineering principles. Passionate about building scalable applications and exploring artificial intelligence and data-driven systems to solve real-world problems.

Skills

Programming Languages: Python, C, C++, JavaScript

Frameworks: NumPy, Pandas, Matplotlib

Tools: MS Excel, PowerPoint, Canva, Git & GitHub

Database: SQL, DBMS

System Design: Design Pattern, LLD

CS Fundamentals: Data Structure and Algorithm, Operating Systems, OOPS

Platforms: Visual Studio Code, Jupyter Notebook

Projects

HSER - Human Skill Extinction Radar

December 2025 - January 2025

- **Tech Stack:** Python, React.js, FastAPI, Data Analysis
- Developed a predictive intelligence platform to identify software and IT skills at risk of extinction due to AI and automation.
- Designed a risk analysis engine calculating **Extinction Risk (%)**, **Replacement Force**, and **Skill Half-Life** using skill attributes such as automation level and tool growth.
- Built an interactive web dashboard enabling users to explore, compare, and analyze extinction risk across multiple software skills.
- Deployed the full-stack application on Vercel for live demonstration: <https://hser-project.vercel.app/>.

Student Saarthi – AI Based Scholarship Finding Portal

August 2025 - December 2025

- **Tech Stack:** React.js, HTML, CSS, JavaScript, Python(Flask), MySQL
- Developed a web portal that helps students find suitable scholarships using multiple filters such as GPA, degree, income, category, and skills.
- Integrated AI-based scholarship recommendation system using OpenAI API to suggest relevant scholarships based on student profile.
- Implemented admin dashboard for adding, editing, and managing scholarship listings.
- Added external scholarship redirection system allowing students to apply directly through official scholarship websites.
- Integrated notification and reminder system with Email/SMS alerts and Google Calendar deadline tracking.

Certifications

- **Introduction to Generative AI** – IBM SkillsBuild (2025)
- **Diploma in Digital Transformation and Operational Excellence** – Udemy (2025)
- **Get Started with Pub/Sub Skill Badge** – Google Cloud (2025)
- **Get Started with API Gateway Skill Badge** – Google Cloud (2025)
- **Get Started with Cloud Storage Skill Badge** – Google Cloud (2025)
- **Get Started with Looker Skill Badge** – Google Cloud (2025)
- **GFG - CodeRush** – GeeksforGeeks (2025)

Education

Bachelor of Technology in Computer Science and Design

Madhav Institute of Technology and Science, Gwalior, India

Aug 2024 – Aug 2028

CGPA: 8.38 / 10
